ALUMINA LITE**

Alumina is constructed from a single sheet of aircraft-grade aluminum, stamped flatter and smoother for an unhindered glide. At the same time, the molecular rebonding from the machining process creates a highly rigid structure for maximum durability. It is then sand-blasted for a texture that further aids tracking precision and provides a great feel under your hand as you swipe.

SUBLIMATION is a distinct process utilizing special dyes which are transferred to the mouse pad surface under high heat and pressure, resulting in an imprint which is permanent and washable. Although this method definitely produces vibrant color and detail, small changes in heat, pressure and/or mouse pad surface may cause fine details to thicken or fill in, and cause colors to vary, even within the same run. This is a natural part of the sublimation process and is not considered a defect. Perfect Line cannot guarantee a 100% exact match to the original, nor guarantee an exact PMS or spot color match on NEW or REPEAT orders as colors will definitely vary from mouse pad to mouse pad. Mouse pad is intended for normal computer mouse use, Sharp or abrasive objects will mark and/or scratch pad surface and imprint. Due to the fabric surface, some fraying may occur.

**Plate Borders** (Available for standard laser image plates.)

When using one of the optional plate borders, artwork must be reduced to accommodate the chosen border. This may decrease the size of the available imprint area shown next to items in this catalog.

Laser image of the border, as well as logo or copy, will show the gold or silver plate color through the black coating. (See IC3572 on page 372 for example of border K). Must specify plate border letter on purchase order and reference with submitted artwork. For non-stock plate size, contact customer service for quote.

**\*CALIFORNIA PROPOSITION 65 WARNING**

Proposition 65, also known as the Safe Drinking Water and Toxic Enforcement Act of 1986 was enacted as a California ballot initiative in November 1986. The Proposition was intended by its authors to protect California citizens and the State's drinking water sources from chemicals determined by a state agency to cause cancer, birth defects or other reproductive harm.

Over 900 chemicals are now on California's list of Proposition 65 chemicals.

Prop 65 requires that a "clear and reasonable warning" be provided by a Company in the course of doing business, who manufactures, assembles, handles, distributes, stores, sells, or transfers a consumer product which he or she knows to contain a chemical known to the State to cause cancer or reproductive toxicity to any person to whom the product is sold or transferred.

Because we cannot test every piece of every order that we ship to California for every one of the Prop 65 listed 900 chemicals, you may continue to have concerns about compliance with Prop 65. If so, the safest option is to include a label on product that may ship to the State of California. We will do this for a nominal fee.

The label would read as follows:

**WARNING:**

This product contains chemicals known to the State of California to cause cancer, birth defects or other reproductive harm.

**STATEMENT OF LIMITED LIABILITY**

Magnet, LLCTM, Innovations® by MagnetTM, Benchmark® Crystal & Clocks, The Bag Factory®, The 1919 Candy Company® and Perfect Line® are collectively known as The Magnet Group (TMG). TMG obligations with respect to orders placed and/or products delivered to buyer shall be limited to replacement or repair of defective products which are returned to the appropriate TMG division, postage pre-paid, within thirty (30) days from the date of shipping or, at TMG's option, to a refund of the amount of the purchase price paid for products returned to TMG within thirty (30) days from the date of shipping, without any further obligation or liability on the part of TMG. Buyer's sole remedies for liability of any kind with respect to products ordered or furnished by TMG and any other performance by TMG or with respect to buyer's use thereof, shall be limited to the replacement or repair or refund aforementioned and in no event shall TMG be liable or responsible for incidental, special or consequential damages allegedly caused by a failure to timely deliver products, non-delivery of products or a delivery of defective or non-conforming products. No claim of any kind by buyer, whether as to products delivered, non-delivery of products or other faulty performance by TMG shall exceed the amount of the purchase price received by TMG for the products, and a failure to provide TMG with notice of any claim within thirty (30) days from the date of shipping and failure to return such products within said time shall constitute a waiver of all such claims in respect to such products.

Additionally, please note all products and photos with trademarks or logos used in this catalog are to show art and imprint reproduction capability only. They do not imply an endorsement by holders of such trademarks or designs. They are not meant to be advertisements, nor are these items for sale to anyone other than parties expressly authorized by the owner of such trademarks and logo designs. Each and every buyer represents and warrants that all artwork, product design, text, and other content ("Content") provided to TMG in connection with any order for products or services, does not violate or infringe the intellectual property rights of any third party. Buyer will, at its sole cost and expense, indemnify, defend and hold harmless TMG and its shareholders, subsidiaries and affiliates (each a "Magnet Indemnified party or TMG Indemnified party") from and against any claims, liabilities, suits and /or proceedings (each a "Claim") made or brought by any third party against any Magnet Indemnified party, including, without limitation, reasonable attorney's fees, costs, judgments, awards, settlement amounts and expenses with respect thereto, to the extent that such Claim is based on a claim, suit and/or proceeding that the Content or the use thereof by a Magnet Indemnified Party in fulfilling an order for products or services to Buyer violates or infringes a patent, copyright, trademark or other intellectual property or proprietary right.
